PLAY IMPORTANT  
ROLE IN BATTLEGen. Foch Threw In Mount-  
ed Arm to Assist Adv-  
ancing InfantrySHARED WITH THE INFANTRY  
IN BLOCKING GAPS IN LINECavalry Establishes New  
Place For Itself in  
Modern Warfare

(ASSOCIATED PRESS TELEGRAM)  
Washington, July 23.—Skillful use of French cavalry has marked General Foch's tactics ever since he took over control of the allied armies as supreme commander, according to information reaching military circles here. The horsemen have played an important role in the whole battle of 1918 as the struggle which began March 21 with the first German drive has come to be known. The employment of the swift moving mounted columns in the present counter-stroke from the Aisne-Marne line has been noted in the dispatches.

General Foch took advantage of the great mobility of the mounted arm to throw them in wherever his advancing infantry units threatened to lose touch with each other.

No gaps have been left where the enemy might strike back, for always the horsemen came up to fill the hole until the infantry line could be rectified and connected in a solid front.

The same tactics marked the first use of French cavalry in the battle of Picardy when the French took over 88 kilometers of front from the British to permit the latter to mass reserves at seriously threatened points in the line facing north.

A French cavalry corps complete with light artillery, armored cars and cyclists arrived first on the scene of Picardy and relieved the British. They fought it out at night, the heavy French infantry arrived and took the task.

Three days later, the horsemen were on the move again, this time hurrying to the front where the enemy was hitting hard at the Lys line. The cavalry rode hard as the advance guard of the French infantry columns marching toward St. Omar. In the first 24 hours, despite the long stretch of fighting in Picardy they covered 125 kilometers without losing a man or a horse on the way. In sixty-six hours they had traversed their whole corps over 200 kilometers and arrived east of Mont Cassel.

"It was a wonderful sight," writes the chief of staff of the division. "The horses were in fine condition; the men were cheerful and went (Continued on Page 2, Col. 4.)"

U. S. CAN FURNISH  
18,000,000 TONS OF  
FOOD FOR ALLIES

London, July 23.—In a statement today on food problems, Herbert C. Hoover, the American food administrator, spoke of the great problem of agriculture substitution, which he said was dominated by two critical and related factors—the first of which was time, and the second expenditure in fodder and land productivity.

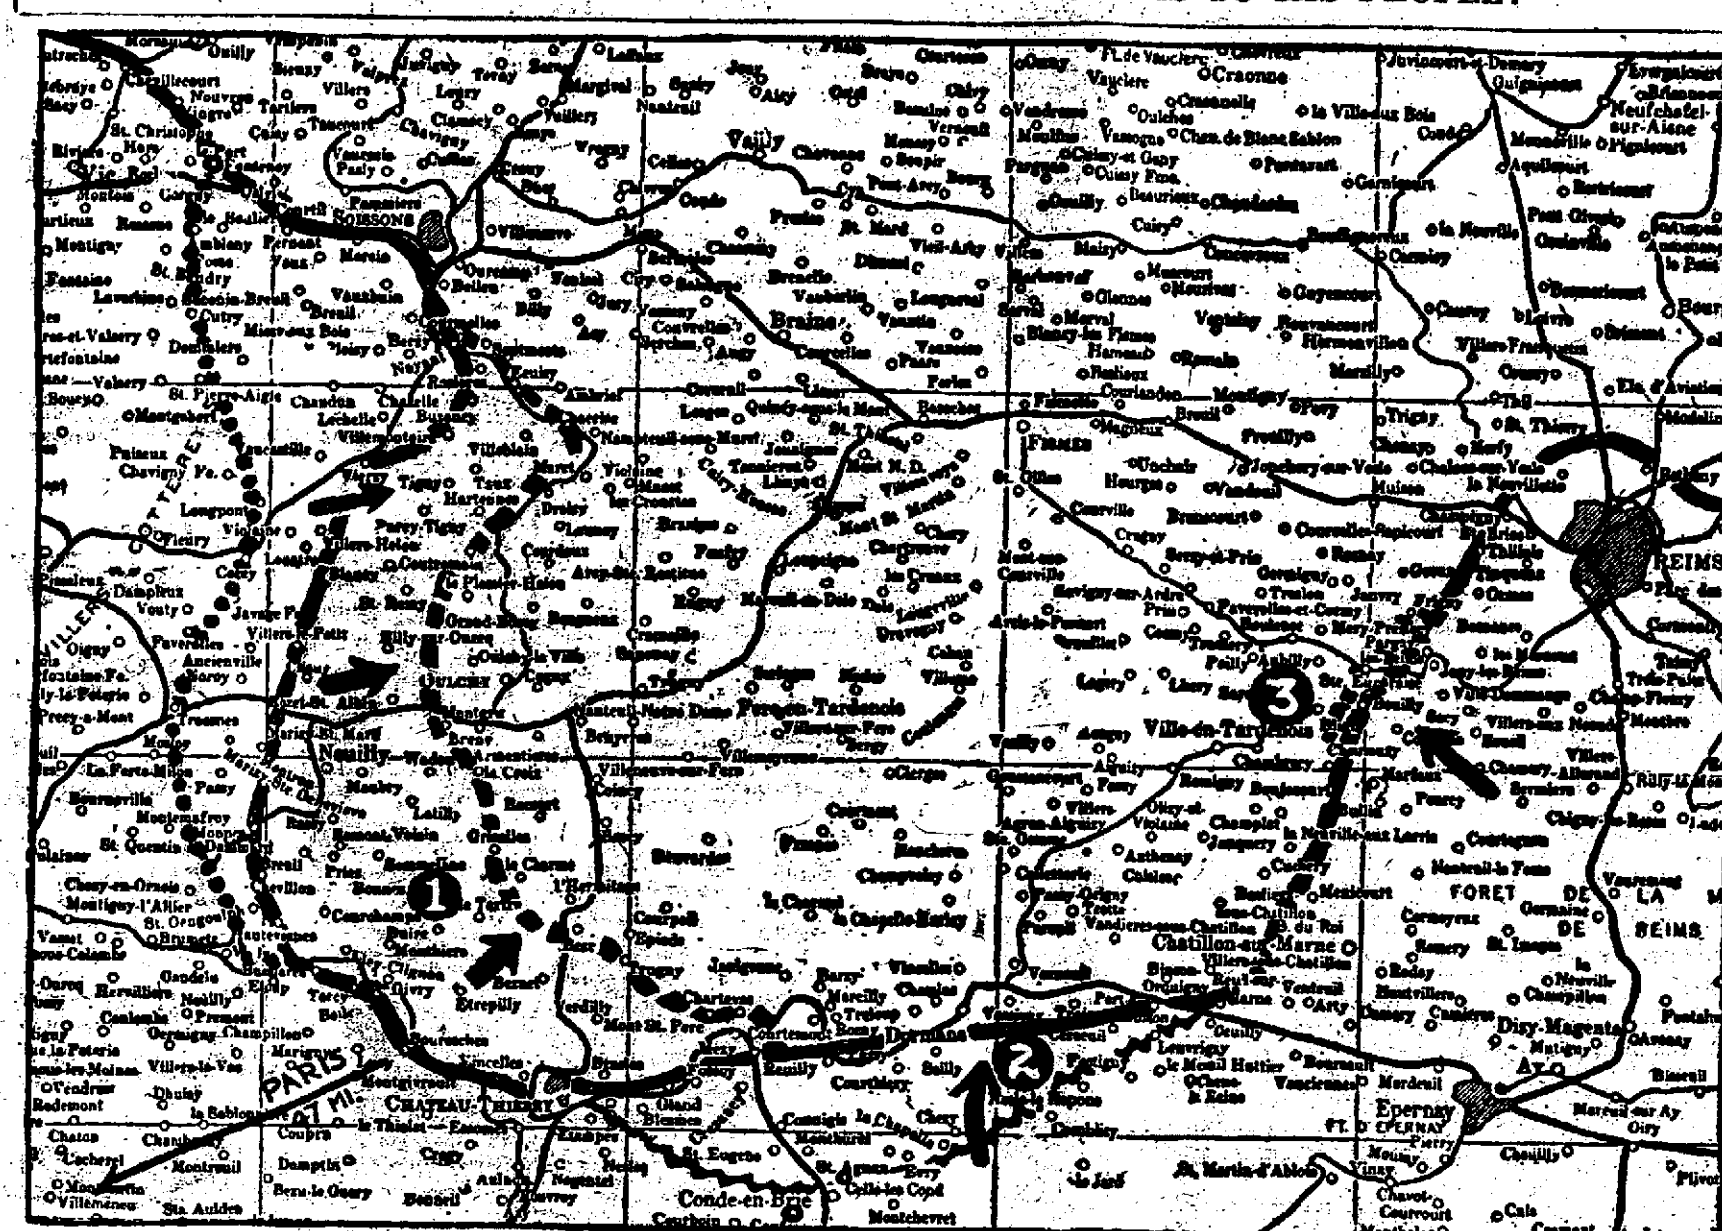

"To increase our beef production," continued Mr. Hoover, "would require from three to five years. On the other hand we could bring about an enormous increase in our meat and fat production through swine within nine to 12 months."

Mr. Hoover said the American agricultural population had been urged along this line and had been given assurances which had led to a wonderful increase in swine production. "I have in my possession the needs of the European allies for meats," the food administrator went on. "We can furnish this whole volume in pork alone. We can summarize our present position by stating that within the next 12 months we can with less pressure of saving upon our people export 18,000,000 tons, if necessary, and to this Canada will add 3,000,000 tons."

After announcing that all anxiety had passed, Mr. Hoover continued: "We are all building ships as a part of our submarine defense. We have now built up our food reserves in the nearest market as a further defense. The call for ships for food next year will be less than last, and consequently we will have more ships for American soldiers."

Great Artillery Activity Occurred  
During Last Night Along Battle  
Front; Several Villages Taken

WONDER HOW THE KAISER CAN EXPLAIN THIS TO HIS PEOPLE?

The battle line in the Soissons, Chateau-Thierry, Rheims salient.

Continuance of the great counter offensive started by the French and American troops in the Soissons-Rheims sector leaves the Germans with apparently only two courses. One of these, which appears impossible, is to drive the allies back to the original line in the sector, on the other is to re-

treat and give up the entire salient. The above map shows the important moves in the counter drive. The dotted line at the left indicates the battle line between Soissons and Chateau-Thierry at the beginning of the great allied drive, July 18. The solid line before it and which extends around

to Rheims, indicates the battle line at the end of the first day of the drive. The dashed line to which the arrows at the left point indicates the present battle line in the Soissons-Chateau-Thierry sector. The territory between the dotted line and this dashed line, indicated by (1), is the territory gained there. Figure 2 indicates where

the allies are pushing the Germans back and forcing them to relinquish what little hold they still have on the Marne in this salient. The jagged line below the figure 2 indicates the greatest gain of the Germans in their fifth drive. Activity of the British and Italian forces near Rheims is indicated by figure 3.

ALLIED TROOPS  
DEAL TERRIFIC  
SMASH TO HUNS

(ASSOCIATED PRESS TELEGRAM)  
Washington, July 23.—Steadily advancing by terrific attacks American, French, British and Italian troops today appeared to be endeavoring to smash in the sides of the deep Soissons Rheims salient through the center of which the Germans are withdrawing their forces. Both flanks of the pocket-like salient held by the enemy, according to advices, are being subjected to heavy artillery fire and fierce infantry charges. The allied guns and aircraft appeared to be harassing the retreating Germans at every point.

VON HINDENBURG  
IS SERIOUSLY ILL

(ASSOCIATED PRESS TELEGRAM)  
London, July 23.—Field Marshal von Hindenburg, chief of the German general staff, is seriously ill and has taken no part in military operations of the present year, according to information from Berlin, says a Central News dispatch from Bern today. At great personal effort the message adds, the field marshal was present at a few of the imperial receptions, but went through the functions without speaking. He is quite incapable of writing, the advices declare.

BELIEVE ENEMY IS  
DESTROYING STORES

Paris, July 23.—(Havas)—Reports of the fighting in the Soissons-Rheims salient appearing in the Paris newspapers, tell of fires burning at Fere-en-Tardenois and Villers-Tardenois. Some of these were, no doubt, caused by bombs dropped by the allied aviators, but it is believed that the enemy is destroying stores that cannot be moved back of the German defensive line along the Vesle river.

REPRESENTATIVE CITIZENS MEET AND  
RECOMMEND IMPROVEMENT IN WATER WORKS  
AND CONSTRUCTION ADEQUATE SEWER SYSTEM

With every citizen ready and anxious to do all in his power to remedy the present water situation and with the city officials, the Chamber of Commerce, and other organizations in the city extending every effort toward that end, and with a view to putting in a modern and adequate water and sewer system in the city, a representative group of citizens met at the Chamber of Commerce last night and took the first steps toward bringing about these better conditions.

Resolutions were adopted at this meeting recommending that the city council employ immediately a competent hydraulic engineer to make a thorough investigation of the water system that there may be no repetition of the present serious condition caused by a complete breakdown of the waterworks plant.

The matter of an improved sewer system that will be adequate for the needs of a city the size of Newark was also discussed, and recommendations were made that the sewer problem be thoroughly investigated at the same time that the water investigation is made.

The recommendations also take up the matter of increasing the water rates in Newark. The council is asked that the engineers investigate the city's water rates with a view of recommending that the rates be increased, if necessary, so that the water

plant can be made modern and self-sustaining. Last night's gathering was a joint meeting of the new industrial developing committee, the water committee and the civic bureau of the Chamber of Commerce. The members of these committees are representative of every class in the city. Following are the recommendations made in the resolutions adopted at last night's meeting, and which will be presented to the city council at a special meeting tomorrow evening:

"July 23, 1918.  
Hon. H. A. Atherton, Mayor, and Members of the City Council, Newark, O.:

"Gentlemen—Knowing that you, as well as a large number of our citizens, have given serious thought and consideration to the problem caused by the breakdown in our water plant, a meeting was held last night (Monday, July 22), of a representative group of our citizens looking to the co-operation with you in taking immediate steps to remedy the cause of the breakdown and to prevent a recurrence of breakdowns, and with the further purpose of taking such immediate steps as will provide a definite plan for a thorough modern plant. And feeling sure that you are of the same mind as we, that you are a propitious (Continued on Page 2, Col. 4.)"

GERMAN LOSSES  
NEARLY A MILLION  
SINCE MARCH 21ST

(ASSOCIATED PRESS TELEGRAM)  
Paris, July 23 (Havas agency).—According to a review of the military situation in L'Homme Libre, the newspaper owned by Premier Clemenceau, the German losses since March 21 are approaching 1,000,000 men.

## CLOSES FOR GOOD.

(ASSOCIATED PRESS TELEGRAM)  
Chicago, July 23.—The American Association baseball league, which closed its season Sunday because of Secretary of War Baker's recent ruling classing baseball as non-essential, will not resume its playing schedule no matter what the final decision may be in Washington, according to President Thomas Hickey.

ADVANCING  
AMERICANS  
TAKE TOWN

(ASSOCIATED PRESS TELEGRAM)  
London, July 23.—The town of Jaulgonne on the Marne has been captured by the Americans who are continuing their advance.

So far the taking of 300 prisoners by the Americans in this advance is reported.

TAKES OVER ALL  
TELEGRAPH AND  
TELEPHONE LINES

(ASSOCIATED PRESS TELEGRAM)  
Washington, July 23.—President Wilson's proclamation taking over for the duration of the war operation of telephone and telegraph lines was issued late today. It did not include radio systems and ocean cable lines.

Government operation and control began midnight July 31. The president's proclamation provides that the postmaster general, if he so elects, may administer the lines through the owners' managers, boards of directors or receivers. It provides further that until the postmaster general directs otherwise the present managements shall continue. The postmaster general in his discretion may hereafter relinquish in whole or in part to the owners any telegraph or telephone system over which he has assumed control.

Regular dividends previously declared and interest maturing obligations shall continue to be paid until the postmaster general directs otherwise; and subject to his approval the companies may arrange renewal and extension of maturing obligations. Postmaster General Burleson, in a statement explaining his plans in operating the wire systems, said there would be no change affecting the press-wire service, except to improve it wherever possible. Mr. Burleson also said that operations and control of farmers' telephone lines would be interfered with only for the purpose of facilitating their connection with longer lines. No general policy, the postmaster general said, has yet been decided on.

MALLY-RAINEVAL, SAUVILLERS NORTH OF  
MONTDIDIER, TOGETHER WITH NUMBER  
OF PRISONERS IN LOCAL OPERATIONAMERICANS ON FRONT SOUTH OF SOISSONS HAVE  
CAPTURED TOWN OF BUZANCY IN HARD FIGHT

Germans Getting Their Reserves in Position are Showing Disposition to Fight For All They are Worth But the British and French Continue Recent Successes and Take Pettichamp Wood With 200 Prisoners and 14 Machine Guns—Huns Stiffening Resistance Between the Ourcq and the Aisne Rivers and are Bringing Up Heavy Guns—French Advance a Mile on Front of Four Miles in Montdidier Region.

(ASSOCIATED PRESS TELEGRAM)  
Paris, July 23.—Artillery activity along the battle front during the course of the night is all that is reported in the official statement issued by the war office today.

North of Montdidier in the Somme sector a local operation brilliantly conducted permitted the French to occupy the village of Mally-Raineval, Sauvillers and Aubvillers. The French took 350 prisoners.

The statement says:

"Along the whole battle front only artillery actions were reported during the past night.

"North of Montdidier a local operation which was conducted in a vigorous manner resulted in the capture by the French of the villages of Mally-Raineval, Sauvillers and Aubvillers. The French up to the present have taken 350 prisoners.

"Otherwise the night was calm."

## FRENCH START NEW OFFENSIVE.

(ASSOCIATED PRESS TELEGRAM)  
London, July 23.—The French at 8:15 o'clock this morning began a new attack in the region northwest of Montdidier, according to advices received shortly after noon today.

The French have captured Oulchy-Le-Chateau. Well informed opinion in London regards the situation on the battle front as going well for the allies. It is not expected however that the advance will be so rapid as previously, the Germans having now had plenty of time to get their reserves into position. They are also displaying a disposition to fight for all they are worth.

On the front between the Marne and Rheims the British have captured the Pettichamp wood, near Marfaux, with 200 prisoners and 14 machine guns.

The Americans on the front south of Soissons have captured the town of Buzancy.

In their fighting along the Marne the French are reported to be experiencing the greatest difficulty in making a passage of the river at some points being stubbornly opposed by the German infantry well supported by artillery and machine guns.

The Germans are stiffening their resistance between the Ourcq and the Aisne rivers and are bringing up guns.

At 11 o'clock this morning the French were reported to have advanced a mile on a front of four miles.

It was thought, on the basis of the advices, that the attack in the Montdidier region might be on a wider front than the one mentioned.

The French, the advices state, stormed the heights north of Courcelles at 3 o'clock yesterday afternoon. They are also holding the bend in the neighborhood of Chassons, as far as Treloup (these towns are just to the north of the Marne, to the east of Jaulgonne, taken by the Americans). Treloup, at the latest advices was still in the hands of the enemy.

In the Montdidier fighting today the French besides capturing the villages of Aubvillers and Sauvillers, swept to the crest of Mally-Raineval and captured it.

The capture of Aubvillers, Sauvillers and Mally-Raineval was reported by the French war office in today's statement which ordinarily covers only the events up to midnight although occasionally reporting the early morning happenings. Apparently the French operation was begun at a very early hour and on its early stage covered in the war office report, the latter having been indicated in the news advices.

## FIERCE FIGHTING THROUGHOUT DAY.

(ASSOCIATED PRESS TELEGRAM)  
With the French Army on the Aisne-Marne front, Monday, July 22. The fiercest fighting continued throughout the day on both wings of the German salient between the Aisne and the Marne. The efforts of the enemy were concentrated on an attempt to prevent the allied troops from cutting through on either side and thus imperiling the great masses of German troops still within the semi-circle.

Despite the German determination, French, American and British troops all made progress.

German resistance resulted in harder fighting today. The operations were robbed of some of their spectacular features as the day advanced by the determination of the enemy not to be crowded into a rear retreat.

South of Soissons the allied troops maintain all positions as they were Sunday night except in some cases where they have been improved slightly. The allied positions however, are in no apparent danger from attacks by German reserves.

In the area north of Chateau-Thierry the enemy is reported by air observers to be still moving northward, but very slowly and fighting rear guard actions all the while. The French and Americans are hanging close to the heels of the retreating Germans and are taking every opportunity to move forward. Army headquarters moves ahead bit by bit as the line advances.

Enemy airplanes have been active on observation work but the shells fired by the German artillery in an attempt to search out the allied rear indicated that the German airmen failed to stop the allied positions. Many shells were dropped along the Marne at irregular intervals and little danger has resulted.

Throughout the day the heavy guns of the allies bombarded the enemy lines with excellent results, according to aerial lookouts. Over all the territory retaken the damage wrought by American and French

guns show that the positions formerly held by the Germans suffered much more than the allied lines, not withstanding that the volume of fire from the German was greater. Further large number of prisoners were taken from the Germans today.

(ASSOCIATED PRESS TELEGRAM)  
With the American on the Aisne-Marne front, July 23 a.m.—Over night information does not indicate any radical change in the situation along the battle front. The prospects seemed to be that today would be another of heavy attacks and counter-attacks with not more than slight changes in the line.

The troops of General Pershing and General Petain are holding almost every inch of ground they have gained since the counter blow began on Thursday last.

The Franco-American forces north of Chateau-Thierry now are holding Epieds and nearby villages and a bit of territory north of Mont St. Pere. Further east the enemy is continuing to counter-attack unsuccessfully. Along the greater part of the front the artillery fire was the chief activity, although at places brilliant infantry operations are taking place while machine guns nests make every open field a potential trap.

The number of prisoners has been increased by thousands and a veritable mountain of captured and abandoned material is in possession of the allies. Many of the guns taken had been blown up or damaged by the enemy before he abandoned them.

The British efforts along the line near Rheims have been rewarded by a bag of prisoners and machine guns.

FRENCH CROSS THE MARNE

(ASSOCIATED PRESS TELEGRAM)  
London, July 23.—Franco-American troops are continuing to make (Continued on Page 2, Col. 1.)

## VESSEL REPORTED IN DISTRESS BY UNKNOWN AIRMAN

(Associated Press Telegram)  
Nantucket, Mass., July 23.—Complete mystery today shrouded the report of a vessel in distress a few miles east of the island of Nantucket, brought here yesterday by an unknown aviator. Coast guard crews from stations on the island and elsewhere searched the vicinity where the disabled craft was reported to be, without finding any trace of her. Marines were inclined to doubt the truth of the story as many unusual rumors had been current since the sudden appearance of an enemy submarine off the coast of Cape Cod, Sunday.

The aviator who brought the first reports did not state whether the vessel had been wrecked or attacked by a submarine. There also was some question as to whether it was a steamer or sailing craft. Officials of the coast guard stations admitted the possibility that the ship might have gone to the bottom before help could arrive, but the absence of wreckage and small boats made this theory improbable, they said.

## GREAT ARTILLERY ACTIVITY OCCURRED

(Continued from Page 1.)  
progress on the battle front between the Oureq and the Marne. Advice today was that attacks carried out by the French have restored the ground which they lost on Monday in the region of Chisilles, seven miles northwest of Chateau-Thierry. The French crossed the Marne at Pont-a-Binson just to the east of Reuil.

The enemy counter-attacked heavily from the direction of Vandieres. These onslaughts were beaten off.

## VICTORY GROWS IN SPITE OF GERMANS' RESISTANCE.

(Associated Press Telegram)

Paris, July 23 (Havas).—In spite of the desperate resistance of the Germans, the entry into the line of enemy reinforcements and repeated counter-attacks by the foe, the victory of the allies continues to develop.

Not only have the allied positions been held intact against the enemy's

assaults but at certain points further progress has been made.

The newspapers of Paris remark that the victory is growing not only in relation to the ground reconquered by the allies but also in strategic advantages, the importance of which is being constantly augmented.

(Compiled from A. P. Dispatches)  
French and Americans have crossed the Marne over a front of 12 miles between Jaulgonne, seven miles east of Chateau-Thierry and Reuil, near where the German line crossed the stream during the days when the German offensive was at its height.

On the western flank of the German salient, the allies have taken Oulchy-Le-Chateau, a mile north of the Oureq, and just west of Nanteuil-Notre Dame, a dominating point in the German line of communications. They have also captured the town of Bouzancy, seven miles south of Soissons, which brings them up to a ravine that stands between them and the heights to the eastward of Soissons. On the front between Rheims and the Marne the British have taken Pettichamp wood, near Marais, where they took the places formerly held by the Italian forces.

News of these successes by the allies comes in official London advices. It shows that in spite of the fact that only artillery duels were reported from the French war office in its day-statement the allies are making important progress all around the salient in which the Germans were caught by the terrific attack of the allies on Thursday morning.

A lull along the line might have been expected at this time, however, of the stern resistance of German reserve brought up by the enemy and the necessity of bringing up heavy artillery and supplies. It appears, however, that the momentum of the allies has not been spent and that they are forging ahead along virtually the entire front of the battle.

At 8:15 o'clock this morning the French launched an attack along a four-mile front in the Montdidier sector. In three hours they advanced a mile. London hints that the attack was over a wider front than that mentioned in the dispatch.

This new onslaught, directed against a front which has been comparatively quiet since the German offensive, there came a halt early in June may have an important bearing on the development of the military situation along the whole front.

Previously in an attack reported as launched last night in this sector the French had occupied the villages of Mailly-Rameval, Sauvillers and Aubervilliers, which are west of the Aisne

river and immediately south of the point of French successes earlier in the month when they captured valuable positions over a three-mile front south of Castell, advancing to a depth of a mile and a quarter. Prisoners numbering 350, were taken.

There are indications that the German preparation for retreat, north of the Marne, are continuing. Large fires are reported burning at Erec-en-Tardenois, near the western flank of the German salient, and also at Villers-Tardenois, just behind the German lines southwest of Rheims.

The enemy may choose a line along the Oureq for further defensive operations, but the positions of the allied troops to the north of this stream may compel a retirement at least as far as the Vesle river. This is said to be indicated by concentrations of German troops at Fismes and other points along the Vesle.

The success of the French north of Montdidier improves their line there. They have now secured positions which dominate the Aisne valley for several miles along a vital sector.

Further north the British have advanced their line slightly south of Fismes and moved their positions forward over a mile front.

South of Meris and Meteren in the Lys sector in Flanders the British lines were also improved and local successes in the Hamel sector, north of Albert and in front of Amiens, are reported.

## SHEEP AND WOOL GROWERS' MEETING

A large and enthusiastic sheep and wool growers meeting was held Saturday evening at the farm bureau office.

J. F. Walker of Gambier, Secretary and treasurer of the Ohio Sheep and Wool Growers' Association was the speaker of the evening.

In his forceful way he explained the wool situation to those present and called to his hearer's attention the fact that the dissatisfaction existing in the wool trade was not due to local dealers or to any one except to the wool growers themselves. Had the wool growers been organized as they are in the west and had been on the ground in Washington at time the price was fixed Mr. Walker thinks there would have been a different story to tell. Co-operation was the thread cleverly woven through his talk and his hearers could not help but thing they had been asleep on duty. So much did they think it that when a vote to organize the county was taken it was carried unanimously.

A large number of those present members of the state association and the remaining ones joined by paying the fee of one dollar.

An executive committee of six men was appointed to secure more members. Geo. Deeds of Painesville, N. C. Buxton, Johnstown, W. W. Reynolds, Utica, Nathan Mack, Glenford, E. T. Denman, Hanover, J. L. Watson, Newark.

It is earnestly urged that every man in Licking county interested in wool growing join the state association.

## CITY NEWS BRIEFS.

**Fractured Leg.**  
George Shimmel fell off a ladder while working at the Pan Handle express depot, and suffered a broken leg yesterday afternoon. He was removed to his home in the Criss Bros ambulance, and is getting along very nicely. He broke the right leg in two places above the ankle. Dr. P. H. Cosner was the attending physician.

**Home on Furlough.**  
John Thistle Priest is home on a six day furlough from the aviation school at O. S. U.

**Accompanied Selects.**  
C. F. Lender, local secretary of the Y. M. C. A., accompanied the Newark and Licking county boys to Camp Sherman yesterday. This was Mr. Lender's fourth trip in the interest of the Y. M. C. A. welfare work among the selects.

**Takes New Position.**  
James K. Miller, who has been with the S. A. Mullikan company of Marietta, has resigned his position with the firm and accepted one at the Halbrook florist shop.

**Social Tonight.**  
The Junior Society of Red Bank of Sharon Valley will give a social on the Sharon Valley school lawn tonight, beginning at 7 o'clock. The public is cordially invited.

**Acknowledgment for Services.**  
Those in charge of preparing the lunches for the men of the draft quota who left yesterday, wish to make acknowledgment for services rendered to several who assisted in making the boxes appetizing. Mr. Guy Billingslea continued his practice of donating a cake for each box, and Mr. Henry Fleck gave the chocolate bars and the services of a truck to convey the boxes to the station. Mr. William Kuster donated a bread cutter and a man to operate it to facilitate in making the sandwiches.

**Punished By Ill Luck.**  
Miss Myrtle Patterson of East Main street broke her right wrist in a fall at her home. Recently Miss Patterson broke her leg and is still on crutches. Just preceding the accident when her leg was broken she suffered another fall at which time the left wrist was fractured.

**Police Court.**  
Lemuel Smith was back in police court this morning after securing his release last Saturday. He was fined \$5 and cost on two charges of being intoxicated and resisting an officer. Two other local drunks were fined \$5 and costs and a Mr. Hamilton of Buckeye Lake was fined \$10 and costs for speeding in Granville street.

**Operation For Appendicitis.**  
Miss Thelma Mazey, daughter of Mr. and Mrs. William H. Mazey of Hudson avenue underwent an operation for appendicitis at the city hospital this morning. Dr. E. K. Essington being the attending physician. She rallied nicely from the shock of the operation.

## FRENCH CAVALRY

(Continued from Page 1.)

singing, in spite of the suffering and privations they had to endure.

"In truth our boys looked a little tired, but they were all very proud that such an effort had been asked of them, and all were bearing it cheerfully."

Later, at the battle of Loers the cavalry also shared fully with the infantry, blocking gaps in the line and the final definite occupation of the town of the allies was accomplished by a cavalry battalion. A sergeant and a handful of dragoons drove forty Germans out of the town and at another point a cavalry officer and twenty men backed up the infantry at a critical moment, the officer waving a pistol in one hand and a shovel in the other as he led the dash which restored the situation.

A few days later, the same cavalry, after another long ride, met the enemy advance against Villers-Cotterets woods in the Aisne sector where the fighting today is raging fiercely and where the horsemen again are engaged. When the Germans drove forward in their effort to get around the forest to Compiègne the horsemen blocked the road between the wooded region and the river Oureq.

In view of this record for swift movement and dashing attack afoot, the cavalry appears to have established a new place for itself in modern warfare. They are the light reserves, the men who are always hurried first into the point of danger to hold until the slow moving infantry arrives. They have learned trench warfare tactics completely and General Foch is making use of them in a way that inspires use of them in the line.

## CITIZENS' MEETING.

(Continued from Page 1.)

time to take such steps as are necessary for the planning of a modern system of sewerage for Newark, these citizens desire to unanimously make the following suggestions, and recommendations with the pledge that they will assist in carrying same to a successful conclusion, and for more information the following were present:

W. M. Morcan, president of the Central Labor Council; D. F. Stevens, superintendent of the B. & O. railway; F. M. J. Windle, of the insurance firm of Norris & Windle; C. V. Wise, of the T. Rugg & Co. manufacturers; W. H. Suter, cashier of the Franklin National Bank; A. A. Stassel, attorney at law; George Pickup, of the Wehrle company; E. M. Baugher, president of the Old Home Building Association; J. D. Potter, president and general manager of the American Motor Truck company; C. H. and W. Davis, of the Licking Creamery company; F. S. Neighbor, of The American Tribune; C. H. Spencer, of The Advocate; W. A. Bogler, sr., of the Holophone company; W. H. Smith, of the P. Smith & Sons; E. C. Evans, real estate operator; O. J. Barnes, superintendent of the city schools; J. N.

## VAST EXPENDITURES NECESSARY TO MAINTAIN OUR MILITARY ESTABLISHMENT IN EUROPE

(Associated Press Telegram)

Washington, July 23.—With total appropriations only a little short of \$30,000,000,000 and more to be authorized later, the second session of the sixty-fifth congress will stand as a record session in point of cash authorizations. Succeeding congresses, leaders believe will be called on for even greater expenditures so long as America maintains its vast military establishment in Europe.

A report compiled by Representative Shirley of Kentucky, chairman of the house appropriations, made public today, shows in some detail the amounts authorized by congress, the bulk of which is for prosecuting the war. In exact figures congress has authorized in its second session a total of \$29,791,241,773, and requests from various government departments for additional amounts for needs not anticipated when original estimates were made, are being sent in frequently.

Mr. Shirley estimates that while this amount has been authorized the expenditures in the next fiscal year will not reach that sum. "In point of fact," Mr. Shirley said, "the probability is that such expenditures will be at least \$5,000,000,000 or \$6,000,000,000 less than that amount. In this connection, it is interesting to consider appropriations made for the fiscal year 1918, I submit such a statement for that fiscal year, subdivided between the amount of loans to allies and those for other purposes, which show a total for both purposes of approximately \$18,000,000,000.

"Of this amount there was actually expended for governmental purposes, including the payment in the form of loans to our allies of a little over \$13,500,000,000 leaving approximately \$5,300,000,000 of those appropriations not expended."

Of the total appropriations the greatest single measure was the army bill, carrying upwards of \$12,088,000,000 for the upkeep of the army at home and abroad. In that bill, however, clothing for the soldiers was not provided and an additional amount for that equipment was provided in the general deficiency bill, carrying more than \$1,000,000,000.

Next to the army bill came the fortification appropriations act, carrying upwards of \$5,473,000,000 for heavy siege guns abroad and air and coast defenses at home. The naval appropriation act, which authorized a vast increase in the enlisted personnel of the army, appropriated upward of \$1,600,000,000 and a sundry civil bill appropriated nearly \$3,000,000,000.

To meet the \$29,791,000,000 to be expended, there is in sight a total revenue of \$13,610,000,000, including upwards of \$4,000,000,000 under existing tax laws, postal revenues and loans authorized and not made use of. The statement also shows that there are authorized bond issues of \$22,000,000,000 of which amount only \$9,978,000,000 have been issued.

In addition to this there has been authorized an issue of war savings stamps amounting to \$2,000,000,000 of which there has been issued only approximately \$307,000,000.

Jones, general manager of the Buckeye Rolling Mills; J. A. Wharthen, of the American Bottle company; and J. S. Hertzog, president of the Chamber of Commerce and general manager of the Simpson Foundry company.

"That a thoroughly competent hydraulic engineering firm be employed at once:

"1.—To go over the city waterworks plant to ascertain what is needed to place the plant in first-class operating condition immediately.

"2.—That these engineers be further asked to recommend to your body the best method of distribution of water.

"3.—That these engineers investigate and submit plans for a modern and adequate sewerage system for our city.

"4.—That these engineers investigate the city's water rates with a view to recommending an increase in the same, if such is deemed necessary by them to make the water plant self sustaining and maintain it in a modern condition.

The recommendations are submitted in the hope and expectation that they will receive your immediate and favorable action, and with a desire to closely co-operate with you to the end that Newark may take her rightful place in the ranks of modern cities.

Respectfully submitted,  
J. S. Hertzog, Chairman  
T. J. Appleyard, Secretary."

## ALLIED TROOPS

(Continued from Page 1.)

will the Germans be able to get out of the salient without heavy losses in men and guns. The communique issued by General Pershing yesterday indicated that the situation of the Germans at some points is desperate. The American commander pointing out that many of the towns given up by the Germans showed that the evacuation had been hastily carried out.

On the eastern side of the salient press dispatches told of the blowing up of ammunition dumps and the burning of stores which the Germans had not time to remove. As practically all communication lines within the salient have been destroyed by allied fire or are under attack it was considered the material losses of the enemy will be great.

Having shifted his reserve to the western side of the salient to meet the determined attacks of the Franco-American forces, it appeared possible today that the enemy might be compelled to send all available troops again to the eastern side where indications of an attack by General Gouraud, the French commander in the vicinity of Rheims, are seen. An attack in the vicinity of Rheims at the present time would weaken the western flank with the result that fresh successes of importance would come to the American and French forces.

"That a thoroughly competent hydraulic engineering firm be employed at once:

"1.—To go over the city waterworks plant to ascertain what is needed to place the plant in first-class operating condition immediately.

"2.—That these engineers be further asked to recommend to your body the best method of distribution of water.

"3.—That these engineers investigate and submit plans for a modern and adequate sewerage system for our city.

"4.—That these engineers investigate the city's water rates with a view to recommending an increase in the same, if such is deemed necessary by them to make the water plant self sustaining and maintain it in a modern condition.

## WILL MARVELS NEVER CEASE?

Taking Epsom Salts is like  
drinking lemonade now

Instead of asking for the common Epsom Salts, ask for Epsomade Salts hereafter. You will get a big package for only 15 cents. Epsomade Salts looks and gets exactly like Epsom Salts, because it is Epsom Salts, combined with fruit derivatives thus making a sparkling, effervescent, lemonade-like drink for the liver and bowels.

Take a tablespoonful of this delicious Epsomade in a glass of cold water when you feel bilious, sick, headachy or constipated and get the quick and splendid action of a dose of Epsom Salts without the horrible taste.

Epsomade Salts will replace the old Epsom Salts, Rochelle Salts, Sodium Phosphate and Cathartic Pills in every home, say local druggists. Advertisement.

## What a sight my skin was until I cleared it with Resinol

Even if the pimples, redness or roughness are severe and have resisted ordinary treatment, a little use of Resinol Ointment and Resinol Soap will usually bring out the skin's real beauty.

Resinol Ointment and Resinol Soap contain only the purest ingredients and are gentlest medication, which physicians prescribe widely in the treatment of the skin. Sold by all druggists.

## LADIES! USE BUTTERMILK TO BEAUTIFY COMPLEXIONS

This delightful new vanishing Cream containing true Buttermilk is guaranteed by T. J. Evans, W. A. Evans, Mykantz Drug Store to make you look ten years younger or money back. Just try it.

Use a small quantity at any pharmacy or from T. J. Evans, W. A. Evans, Mykantz drug store simply asking for Buttermilk Cream, and massage it daily into the face, neck, arms and hands. The directions are simple and it costs so little that any girl or woman can afford it. Your complexion must quickly show a decided improvement or your dealer is authorized to return your money without question should you be dissatisfied.

No matter whether you are troubled with wrinkles, hard little lines around the mouth and eyes, coarse, yellow, faded looking skin, or simply roughness and redness caused by wind and sun, you will find that all these troubles quickly disappear with the use of this old-fashioned beauty recipe brought up to date.

Buttermilk Cream is only sold on a positive guarantee of satisfaction or money back.

## A REMARKABLE NEW PAIN KILLER

Wonderful 20th Century Liniment Stops Rheumatic and All Other Pains Surely and Speedily.

Those sharp, agonizing twinges are almost instantly relieved by the remarkable new pain killer and rheumatic remedy, 20th Century Liniment. Just rub it on—that's all. Acts like magic. No hot-water bath needed. You simply apply it directly from the bottle. Its positive, quick action in all cases of Rheumatism, Lumbago, Neuralgia, Backache, etc., prove 20th Century Liniment to be the swiftest and surest relief in pain. It's the finest preparation in the world for soothing sprains and bruises. Try it. Just the thing for your tired, aching, burning feet. Takes out all soreness and pain, leaving them fresh, cool and comfortable. Takes out all "Take-a-bite" lame tonight and enjoy genuine foot comfort. There's no need to nurse pain when you can get quick relief at the nearest drug store. All good druggists can supply you.

## VIGOROUS MEN AND WOMEN ARE IN DEMAND

If your ambition has left you, your happiness has gone forever unless you take advantage of T. J. Evans' magnificent offer to refund your money on the first box purchased if Wendell's Ambition Pills do not put your entire system in fine condition and give you the energy and vigor you have lost.

Be ambitious, be strong, be vigorous. Bring the ruddy glow of health to your cheeks and the right sparkle that denotes perfect manhood and womanhood to your eyes.

Wendell's Ambition Pills, the great nerve tonic, are splendid for that tired feeling, nervous troubles, poor blood, headaches, neuralgia, restlessness, trembling, nervous prostration, mental depression, loss of appetite and kidney or liver complaint.

You take them with this understanding: that in two days you will feel better, in a week you will feel fine, and after taking one box you will have your mid-time confidence and ambition or the druggist will refund the price of the box.

Be sure and get a 50-cent box today and get out of the rut. Remember T. J. Evans and dealers everywhere are authorized to guarantee them.

## MADAME PETROVA APPEARS IN PERSON AT AUDITORIUM

Madame Petrova, the well known Polish emotional actress and motion picture artist is coming to Newark tomorrow to sell War Savings Stamps. Mme. Petrova is making a patriotic personal appearance tour of 35 cities in exactly 40 days. Her campaign is under the direct auspices of Washington but the entire expense of the tour are paid by herself. Newark is the only small city on the Madame's tour.

Although Olga Petrova was born in Warsaw of a Polish mother, her father is English and her two brothers are now fighting with the "Tom-mies." Her younger brother has distinguished himself for bravery and is wearing the croix de guerre.

Mme. Petrova began her coast to coast tour in Washington and then went to Philadelphia, Baltimore and Boston. In the latter city she talked from a decorated booth especially erected for her in the center of Boston commons to 43,000 persons and sold \$21,000 worth of war stamps in three hours. From Boston she went to Atlanta, New Orleans, several cities in Texas, Kansas City, Des Moines, Omaha, Denver, Salt Lake City, Los Angeles and San Francisco. Then followed Portland, Seattle and six other cities on the way to Chicago. After Newark Madame will talk in a few more cities on the way back to New York where she completes her tour July 28th.

She comes to Newark from Indianapolis and from here goes to Louisville, Ky.

When Petrova first left Washington she promised Mr. Vanderlip of the National War Savings Stamp Committee, and Secretary McAdoo, that she would return with \$200,000. She has already doubled this amount. The largest sale of stamps she made, thus far, in any one city, was in Houston, Texas, where the entire square block fronting the hotel Bender was roped off and traffic stopped while Petrova talked from a fire truck and succeeded in raising \$59,000. Every time a hundred dollars worth of stamps was purchased a fireman mounted to the top of the ladder and secured an autographed photograph for the purchaser.

Mme. Petrova will make two appearances in Newark at 3:30 o'clock in the afternoon she will talk at the Auditorium theatre and at 8:30 in the evening also at the Auditorium theatre. After her little account of her experience on this tour, she will sing a patriotic song entitled "Freedom for All Forever" which is written by a young Canadian soldier, Lieut. E. C. Hillman and which while Madame was in Washington was endorsed by both Secretary Baker and Secretary Daniels as a new National Anthem. Then she will sell stamps and to each purchaser of a war stamp she will give an autographed photograph of herself. To each purchaser of 10 war stamps she will present a copy of the song, she sings autographed by the soldier-composer as well as herself.

Madame Petrova is the wife of Dr. J. D. Stewart a native of Licking county. Out of compliment to Dr. Stewart's old home county the Madame accepted the invitation to come to Newark. In connection with the program here announced a Petrova picture "Daughter of Destiny" will be shown at the Auditorium. As the theatre will not doubt be crowded at night it is suggested that those who are able should attend the afternoon meeting.

## WERE ROYALLY ENTERTAINED BY OLD TIME FRIEND

Capt. John Doyle has returned from a two weeks trip to Atlantic City and New York. At the former place he attended the grand lodge reunion of Elks and at the latter he was the guest of his old friend, W. F. Kinney, one of the multi-millionaires of the metropolis, who married Miss Hickey of Clay Lick and now have seven children. Mr. and Mrs. Kinney live on the shore drive in a handsome mansion and Capt. Doyle and his friend J. G. Frazier, formerly of Cincinnati, were shown over the grounds and home and entertained at dinner by Mrs. Kinney. Her husband, who is one of the large New York contractors, was instrumental in obtaining permission for Messrs. Doyle and Frazier to visit several of the big government ship yards.

## CAMP SHERMAN NOTES

(ASSOCIATED PRESS TELEGRAM) Camp Sherman, Chillicothe, O., July 23.—The recent transfer of some 10,000 men from training battalions of the depot brigade to units of the 84th division has brought the division almost up to war strength. Practically every organization has had additions within the past week, a new assignment to the carrier-pigeon loft of the camp not even being overlooked. Artillery units are still stationed at Camp Zachary Taylor, Ky., and it is not likely it will be until the division would receive moving orders until all its units have been assembled.

The arrival of 5000 Ohio men this week does not indicate, however, that the divisions will be held here until they have received even the first steps of their training. The 1500 who arrived yesterday were quartered in the training battalions and all August draftees will be in camp at least until early winter.

The Licking Laundry does not have to depend on city water we have our own plant. Send us your washings. 7-20-21

## EATLESS DAYS WERE COMMON

Queen City Woman Tells How She Overcame Stomach Trouble.

Think of your stomach being so out of shape that you couldn't eat scarcely anything because of bad after effects.

That's just the way Mrs. Mary Miller, 708 Race street, Cincinnati, used to be. But

"I can eat anything I want since I've been taking Tanlac." That's what Mrs. Mary Miller says now. She told the whole story as follows: "I had a lot of trouble with my stomach before I took Tanlac. I bloated badly after eating and I'd feel stuffy and drowsy for a long time. Food just laid in my stomach without digesting and felt heavy. I could scarcely eat potatoes or anything greasy because of bad effects that always resulted."

"Well, finally I tried Tanlac. It seemed to help me from the start. My stomach is back in fine shape now and I can eat anything I want without bad after effects. Tanlac is a great medicine, and I recommend it."

Tanlac remedies are being introduced in Newark at Erman's Arcade Drug store. Tanlac may also be procured at the Evans Pharmacy (Warden Hotel block, east side square, Newark), and the Hebron Drug store, Hebron, O.—(Adv.)

## REV. HICKMAN'S MESSAGE MEANS MUCH TO NEWARK

I Believe Dr. Parker's Treatment will cure the worst case of Indigestion and Constipation.

Read what he says:

"For ten years I was an intense sufferer from indigestion and constantly suffered pain. I was treated by several different doctors but none gave me more than temporary relief. Finally a friend recommended to me Dr. Parker's treatment for indigestion and constipation. I bought a box of it, and from the first I felt a relief, and after taking a few boxes, I was entirely relieved and cured, and fell as well as I ever did. I do not hesitate to recommend Dr. Parker's treatment believing it will cure the worst case if taken according to instructions."

Rev. W. H. Hickman, 137 W. Locust street, Newark Ohio. Dr. Parker's treatment is fully guaranteed when taken for what it is recommended. Money back if not satisfied. Price \$1.00. Prepared by George B. Parker, M.D., Athens, Ohio, and for sale at all druggists. (Adv.) 7-23-21

## ACIDS IN STOMACH CAUSE INDIGESTION

Create Gas, Sourness and Pain How To Treat.

Medical authorities state that nearly nine-tenths of the cases of stomach trouble, indigestion, sourness, burning, gas, bloating, nausea, etc., are due to an excess of hydrochloric acid in the stomach and not as some believe to a lack of digestive juices. The delicate stomach lining is irritated, digestion is delayed and food sours, causing the disagreeable symptoms which every stomach sufferer knows so well.

Artificial digestants are not needed in such cases and may do real harm. Try laying aside all digestive aids and instead get from any druggist a few ounces of Bisurated Magnesia and take a teaspoonful in a quarter glass of water right after eating. This sweetens the stomach, prevents the formation of excess acid and there is no sourness, gas or pain. Bisurated Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and is the most efficient form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion. (Adv.)

## CONSERVATION OF CHILD LIFE.

The second year of our participation in the war has been proclaimed by President Wilson as "The Children's Year." It calls for concentration of part of our war-making effort upon taking better care of our babies and our youth than ever before.

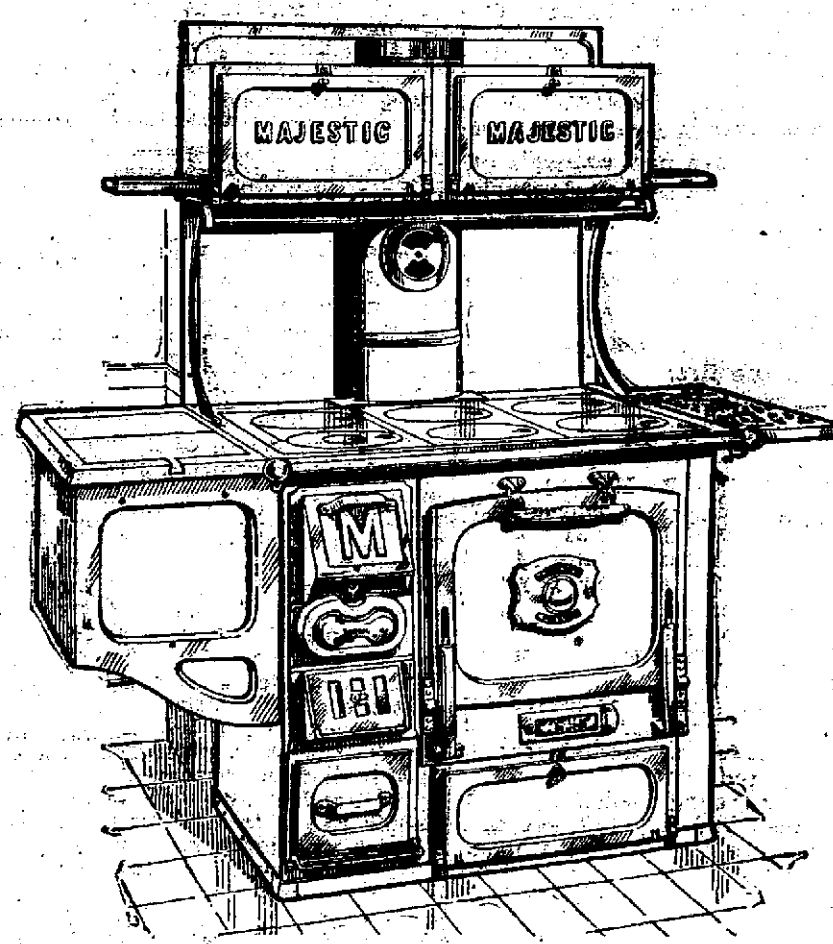

More babies died last winter—more babies are dying now than before we entered the war. A complex of conditions, resulting from the war is sapping our national life at its roots; infant mortality is increasing, but this is unnecessary. England spurred by war conditions, into more adequate attention to the problem, has brought down her infant death rate to a figure lower than that of peace time. There are remedies, explicitly expressed in the Children's Bureau wartime program. Here it is:

(1) Public protection of maternity and infancy. Essentials: Public Health Nurses and suitable Medical attention for every mother in America.

(2) Mothers care for older children. Essentials: Adequate living incomes for all families; mothers pensions for civilians family allowances for soldiers' families and spec-

# --The Great-- Majestic Range Demonstration and Sale AT OUR STORE, ONE WEEK ONLY July 22nd to Saturday Evening, July 27th COME!

SEE the GREAT MAJESTIC—the Range with a Reputation—in its new dress. Let the factory representative show you why the MAJESTIC Bakes Better—Looks Better—Lasts Longer—Heats More Water Quicker and Hotter and Uses Less Fuel than any other range. We want to prove these facts to you—want you to know WHY the MAJESTIC is so highly recommended by your neighbor—WHY it is the Standard by which all ranges are judged—WHY it is known in every county in every state as The Range With a Reputation.

THE U.S. GOVERNMENT HAS BOUGHT DURING THE PAST YEAR AND NOW HAS IN USE MORE THAN 10,000 MAJESTIC RANGES

THE U.S. GOVERNMENT HAS BOUGHT DURING THE PAST YEAR AND NOW HAS IN USE MORE THAN 10,000 MAJESTIC RANGES

## FREE! Copper and Granite Ware or Aluminum Ware

As a special inducement during this week only, we have arranged with the factory to present each purchaser of a Majestic Range with a handsome and useful set of cooking ware, or set of Aluminum Ware. This is your opportunity to get something really worth while for nothing. Ranges will be sold at the regular prices.

## Children's Souvenir Day-

Boys and Girls, this is something worth while, with only a little effort on your part! NOW LISTEN:—MAJESTIC HIGH FLIERS FREE to the boys and girls who hand in written answers to the following questions during the two hours, 3 to 5 p. m., next Wednesday, July 24, of Demonstration Week.

1. What is the name of your mother's range, and how long has it been in use?
2. Give names of persons you know needing a new range.
3. Why does the MAJESTIC bake better, last longer, heat more water and use less fuel than any other range?
4. What is your age? When is your birthday?

## \$1 Article Free!

The boy or girl giving the neatest and best answer to this third question, may select any \$1.00 article from our stock, in addition to this souvenir. In case of a tie, those tying will receive the same prize.

THERE WILL BE SOMETHING FOR ALL OF YOU. Remember the time, 3 to 5 P. M. WEDNESDAY. All children are invited.

If You Don't Want a Range at the Present Time, You Can Arrange to Have It Delivered Any Time During the Fall.

## Everybody -- DON'T FAIL TO SEE THE GREAT MAJESTIC RANGE IN THE NEW FINISH AT OUR STORE!

12 SOUTH SECOND STREET

provisions for extraordinary needs to secure every home against lack of adequate comfort and protection for children.

(3) Enforcement of all child-labor laws and full schooling for all children of school age; maintenance of standards in spite of all war pressure.

(4) Recreation for children and youth, abundant and protected from any form of crime or cruelty.

## 25 Years Ago

Mrs. L. N. Flory has gone to Sullivan, Indiana, where she will visit friends for a brief period.

Mrs. W. S. Thacker and daughter

are visiting friends in Goshen, Ohio.

Misses Elsie Williams and Sadie Brown went to Columbus this morning to spend the day.

D. L. Davies of Columbus is visiting his brother J. R. Davies on North Third street.

Miss Sadie Protzman of Baltimore, Md., in the guest of Miss Mame Miller on West Church street.

The Misses Start spent Sunday with the family of Mr. John Eberly of East Main street.

15 YEARS AGO. Mrs. Will Kuster entertained a few friends on Thursday evening with a six o'clock dinner in honor of Mrs. Charles Herman of Steubenville.

Miss Minnie Braddock entertained

ed the J. T. C. on Thursday evening at her home on Locust street. Miss Nellie Braddock was a guest of the club.

On Thursday afternoon and evening Mr. and Mrs. T. W. Kent gave a garden party at their home on Lovers Lane in honor of the birthday anniversary of their son Maurice.

At four o'clock Wednesday afternoon Rev. L. S. Boyce united in marriage Peter E. Bruchey and Miss Vera Crow.

Frank Beckel and son left this morning for Hiawatha Park Mt. Vernon to attend the Baptist Assembly.

Crystal Spring Water. It is pure. All bottles cleaned daily. Phone for sample. Auto 3250. Bower & Bower. 1-24-18

## OLD AGE A CRIME!

Some people are young at 60—red cheeks, ruddy and vigorous. Others are old at 40—joints beginning to stiffen up a bit, step beginning to lag and lose its springiness; occasional twinges of pain in the back, feel tired without cause, and possibly a twinge of rheumatic pain.

In most cases these are the danger signals to warn you that the kidneys are not promptly doing their work of throwing off the poisons that are always forming in the body. To neglect these natural warnings is a crime against yourself. If you have these symptoms you can find prompt relief in GOLD MEDAL HARRIS OIL Capsules. For more than 20 years this has been the recognized remedy for kidney and bladder ailments.

GOLD MEDAL HARRIS OIL Capsules are imported direct from the laboratories at Haarlem, Holland. Get them at your druggist. Do not take a substitute. In boxes three sizes.

REGULAR MEETING  
OF KIWANIS CLUBThe Kiwanis Club met for their  
regular Monday luncheon at the Ma-  
sonic temple.Members were delighted with an  
address given by Charles D. Rankin,  
a farmer from Bowling Green town-  
ship, the guest of George Weaver.

George M. Fenberg introduced C.

H. Spencer as his guest, and Mr.  
Spencer addressed the members on  
War Savings stamps, and urged the  
members to get back of the move-  
ment and assist the Licking county  
war work committee in its coming  
campaign.A resolution was unanimously  
adopted tendering the services of  
the members of the club to the war  
committee in any capacity this com-  
mittee may see fit to use them.The club members decided to at-  
tend the Auditorium, Wednesday  
evening, to hear Mme. Petrova.

## For Biliousness

Biliousness is a common form of indigestion. It  
is brought on by food-waste which the stomach, intes-  
tines and bowels fail to expel. If you will take a few  
doses of Beecham's Pills, when bilious, you will soon  
rid yourself of the impurities, relieve sick headache,  
stimulate the liver and bile and tone the stomach.  
Healthy conditions are quickly re-established by using

numbering on Hudson Ave.), and all north of W. Main St., to and in-  
cluding Eleventh St. to Raccoon Creek (not including W. Main St.),  
and all north of Raccoon Creek to City corporation line, are now being  
read. The bills for this district will be mailed August 1st and are due  
and payable August 1st, and must be paid on or before the 10th to  
save the discount.

## STUDY THE MAP

It shows the different districts, the time meters are to be read, and  
when gas bills are to be paid. Should you change your residence to  
another district, the time for paying your gas bill will change as in-  
dicated on the map in that district.

PHONE Bell 156  
Auto 1536DAMAGED STEAMER  
COMING INTO PORT

(ASSOCIATED PRESS TELEGRAM)

An Atlantic Port, July 23.—A  
large steamer with part of her  
smokestack gone and her bridge dam-  
aged, in tow of a government tug off  
the southern New England coast, was  
reported by the captain of a steamer  
which arrived here today. The cap-  
tain believed the disabled vessel to  
be a Belgian relief steamer. The tug  
and her tow were in the vicinity of  
the scene of the operations of the  
German submarine which on Sun-  
day attacked a tug and four barges.The government boat and the  
steamer she had in tow were some  
distance away, but the captain said  
he was quite sure he could make out  
the words "Belgian Relief" in large  
white letters on the side of the dis-  
abled vessel. The steamer had four  
masts, he said. The tug was taking  
its tow westward.The sighting of the disabled  
steamer follows the report of signals  
of distress heard last night. War  
vessels were sent out early today and  
searched the seas. Most of them re-  
turned this afternoon with the re-  
port that there were no signs of a  
craft in distress.Avisitors who first reported the sig-  
nals went out again today. They  
returned at noon, but under orders  
immediately put out again.UNSELFISH MOTIVES  
ACTUATES U. S. IN  
RUSSIAN SITUATIONWashington, July 23.—The pro-  
posed course of the United States  
toward Russia will be laid before the  
world soon, probably before the end  
of the present week by President  
Wilson in a public statement. Re-  
ports of word from Tokio that the  
proposals of the United States have  
been accepted by the Japanese gov-  
ernment is being awaited before the  
steps in progress are to be taken to  
rehabilitate the revolution-torn na-  
tion and the world will be told, it is  
understood, that all measures to be  
taken by the United States are actua-  
ted by the most unselfish motives that  
the United States intends to stand  
beside Russia; that economic aid is  
being sent, and that the joint mili-  
tary expedition by the United States,  
France, Japan and Great Britain does  
not at this time mean the reconstruc-  
tion of the eastern front as a battle  
line.

## SOCIAL EVENTS

The Harmonious Club will hold  
its annual family picnic Thursday  
afternoon at Buckeye Lake.A barn dance was given in the  
large barn at the home of Mr. and  
Mrs. Clinton McKinney last night,  
and the proceeds being devoted to  
Red Cross. A number of Newark  
people attended, and Johnson's or-  
chestra furnished the music. The  
amount of \$20 was secured, which  
was turned over to the Red Cross.

## ABOUT PEOPLE

Mrs. Whitney Nollstein of Chi-  
cago, Ill., was the week-end guest of  
her brother, H. F. Doomy and family.  
Mr. and Mrs. H. F. Doomy, A. C.  
Doomy and Mrs. Nollstein, visited  
their aunts, Mrs. Jacob Goss and  
Emily Dellenbaugh, north of Basil,  
O., Sunday.Miss Mary L. Miller and Harriet  
Miller are spending this afternoon in  
Columbus.Mrs. Richard Kear is entertaining  
as her guests Mrs. J. J. Brushart,  
Mrs. George Kricker and Mrs. Ed-  
ward Fitzgerald of Portsmouth.T. O. Johnson, of Granville street,  
has been confined to his bed for the  
last week, owing to a complication  
of ailments.W. W. Gard and Rev. L. P. Frank-  
lin expect to start within a few days  
for northern Canada on a three  
weeks' fishing trip.

## THE COURTS

Temporary Injunction.

The T. O. C. railway company,  
et al., filed a petition for injunction  
and equitable relief, against the vil-  
lage of Hartford, et al. in common  
pleas court today. The plaintiffs  
state that they are the owners of  
certain parcels of land in "Smith  
street," and that on the 12th of June,  
1918, the council at Hartford passed  
an ordinance stating that a sidewalk  
should be constructed on the west  
side of the street, and, unless they  
are restrained from so doing, the de-  
fendants will construct the sidewalk,  
and assess the plaintiffs for it. The  
plaintiffs state that "Smith street"  
was not, and it is not now a street  
in the village as set forth in the or-  
dinance that prior to the time when  
the ordinance was passed, Hartford  
vacated the property for a valuable  
consideration, and granted the use of  
the land to the T. O. C. R. R.; that  
the assessment for the improvement  
will be largely in excess of the bene-  
fit derived from it. The plaintiffs pray  
that the defendants be restrained  
and enjoined from in any manner  
doing any further act respecting the  
construction of the sidewalk, and  
that the ordinance be declared null  
and void. Judge Fulton issued a  
temporary injunction as prayed for  
upon the plaintiff's giving bond in  
the sum of \$200.

Justice Horton's Court.

Agnes Mathie was brought into  
court on affidavit of Hattie Swan,  
the latter fearing that the former  
will do her bodily harm. The de-  
fendant gave bond for appearance  
this afternoon at 3 o'clock.

Marriage Licenses.

Joseph R. Conwell, Urichville,  
soldier, and Miss Mary Florence  
Harden, Buckeye Lake.

Real Estate Transfers.

Chas. F. Swank, sheriff to Chas.  
A. Pence, property in Myers addi-  
tion to Buckeye Lake Park, \$875.Gideon S. Smith, et al., to Leon-  
ard E. Smith, property in Franklin  
township, \$1, etc.Phoebe R. Robinson and George  
W. Robinson, to Wm. D. Fulton;  
property in Church street, \$1 etc.Wm. D. Fulton and Josephine Ful-  
ton, to Phoebe R. Robinson; property  
in Moore's addition, \$1, etc.Leonard E. Smith, et al. to Gideon  
S. Smith; property in Franklin  
township, \$1, etc.Leonard E. Smith, et al., to Wm.  
C. Smith, et al.; property in Frank-  
lin township, \$1, etc.Arthur H. Powell and Lydia S.  
Powell, to Merrill R. Montgomery;  
property in Sixteenth street, \$1 etc.Joseph T. Purks and Pearl Purks  
to Robert L. Carlisle and Nellie M.  
Carlisle, property in Sixteenth street,  
\$1, etc.Merrill R. Montgomery and Jean  
Montgomery, to Robert L. Carlisle  
and Nellie M. Carlisle, property in  
Sixteenth street, \$1, etc.

## OBITUARY

John S. Trish.

John S. Trish was born near Ray-  
noldsburg, Franklin county, August  
24th, 1846, and departed this life  
July the 20th, aged 71 years, 10  
months and 26 days. He was united  
in marriage to Margaret Myers at  
Gahanna, Ohio, January 26th, 1868.  
He leaves a wife and one son, Adam,  
near the home, two daughters, Em-  
ma Bassett, at home and Ida Love  
at Newark, also four grand children,  
four sisters and one brother, and a  
host of relatives and friends to  
mourn his death. In 1872 he united  
with the church of his choice, the  
Brethren in Christ and remained  
faithful to the last.

Harry Buckingham.

Harry Buckingham, died at the  
home of his father in Fifth street at  
1:30 this morning. The body was  
taken to the Criss Bros. mortuary.  
Where it was prepared for burial and  
interment will be made in the Han-  
over cemetery tomorrow afternoon.  
The deceased is survived by his father,  
George W. Buckingham.

ARE IN FRANCE.

According to letters received to-  
day the members of Battery B, 324th  
Heavy Field Artillery, are in France.  
They landed in England, but spent  
only a few days there.

An Enormous Bill.

I was in the dentist's ante-room  
while you were being treated today.  
You were? Say, you know what  
the robber charged me?  
No, don't know how much it was,  
but I heard you scream.—Houston  
Post.

Too Bad.

Well—Isn't it a shame about our  
summer furs?  
Belie—Yes, indeed; it doesn't  
look stylish and nice, for it has  
been cold enough to wear them—  
Baltimore American.

Well Named.

Old Lady—Can you tell me what  
is inside the safe, your man?  
Special Constable—Sand, ma'am—  
hence the name.—Punch.STATE MAY TAKE  
OVER HOSPITAL

(ASSOCIATED PRESS TELEGRAM)

Columbus, July 23.—Trustees of  
Longview hospital, Cincinnati, were  
in conference with the state board  
of administration today, discussing  
plans for having the state take over  
the hospital in toto. The institution  
now is owned by Hamilton county  
and is managed by a board of direc-  
tors appointed by county officials.  
Under present arrangements the  
state merely furnishes the mainte-  
nance without any voice as to manage-  
ment.SYSTEM OF FRAUD IN  
SECURING CONTRACTS  
FOR ARMY RAINCOATS

(ASSOCIATED PRESS TELEGRAM)

New York, July 23.—Agencies of  
the Council of National Defense  
were involved today in the nation  
wide conspiracy of alleged bribery  
and graft in the manufacture of sol-  
diers rubber rain coats through the  
arrest of Harry E. Lazarus, a mem-  
ber of the defense council's sub-  
committee supervising rain coat pro-  
duction. He is accused of attempt-  
ing to bribe a government inspector.Department of justice agents also  
took into custody Charles L. Fuller,  
chief government inspector for the  
new York manufacturing district  
and it is announced he had confess-  
ed full details of the workings of an  
extensive bribery system in connec-  
tion with the manufacturing of rain  
coats and other soldiers clothing.These were the first of a series of  
sensational developments promised  
as a result of a sequel to the arrest  
last night of seventeen rain coat  
manufacturers, on bribery, fraud or  
conspiracy charges and the confes-  
sion of a number of contractors and  
quartermasters department inspec-  
tors.Lazarus, a wealthy clothing man-  
ufacturer was a member of the de-  
fense council's committee which ad-  
vised the war department what man-  
ufacturing plants were equipped  
properly to make raincoats, and aid-  
ed in placing these contracts. After  
he obtained contracts for his own  
plant, it is charged he sought to  
give money to a government inspec-  
tor who was expected to approve  
materials and workmanship not up  
to the proper standards.Future developments will show it  
is said, that others of the numerous  
sub-committees of the defense coun-  
cil had members who used their po-  
sition to get special favors. All evi-  
dence uncovered will be presented  
to grand jury shortly.Fuller, the chief inspector, con-  
fessed that he received weekly al-  
lowances from several contractors,  
it was announced by Assistant At-  
torney General Thompson, who is di-  
recting the campaign against fraud-  
ulent profiteers. Similar payments  
also were made to subordinate in-  
spectors, at least one of whom re-  
ceived more than \$500 in the last  
three weeks. One inspector adopted  
a plan of having a "birthday" or  
"anniversary" party as a means of  
collecting gifts from contractors  
whose goods he supervised.The contractors flocked to his  
house, it was said and left arm  
loads of presents. It was intimated  
some of these packages contained  
money.Ralph Rosenthal, one of the con-  
tractors arrested last night and ar-  
raigned before a U. S. Commissioner  
today admitted to department of  
justice officials it was announced,  
that payments described as "loans"  
were made to a government inspec-  
tor in his plant and that no request  
ever made for repayment.

(ASSOCIATED PRESS TELEGRAM)

New York, July 23.—Methods by  
which army raincoat manufacturers  
conducted systematic bribery of army  
officers in order to fill war orders  
with imperfect articles, were revealed  
today by department of justice agents  
following the arrest of 17 officers or  
employees of the manufacturing con-  
cerns. Facing charges of bribery,  
fraud or conspiracy, some of the  
men under arrest today are under-  
stood to have given the government  
full information concerning their  
connection with the plot. Other ar-  
rests in connection with raincoat and  
army clothing and equipment con-  
tracts are expected soon.A number of army officers are un-  
der investigation and evidence  
against them has been presented to  
the war department.Although the arrests applied only  
to raincoat manufacturers and to the  
district of New York, government  
agents have information leading them  
to believe that the system of fraud  
is widespread and involves millions  
of dollars in contracts. The majority  
of the 17 men now in custody here  
are charged specifically with  
offering bribes of small sums to in-  
spectors for the quartermaster's de-  
partment, or government agents ac-  
ting as decoys, in return for favorable  
recommendations on raincoats un-  
inspected.

EPIDEMIC IN BERLIN.

(ASSOCIATED PRESS TELEGRAM)

London, July 23.—A serious out-  
break of typhoid has occurred in  
Berlin, the Exchange Telegraph cor-  
respondent at Amsterdam reports.  
The epidemic is believed to have  
been caused by poisoned or unclean  
milk. The number of cases is not  
stated but it is believed to be large,  
especially in the labor districts of  
the city.

COLONEL WOOD IN FRANCE.

(ASSOCIATED PRESS TELEGRAM)

Dayton, O., July 23.—Colonel  
George H. Wood, former adjutant  
general of Ohio, now commanding  
the 148th United States Infantry,  
has arrived in France. His wife re-  
ceived a cable message from his to-  
day.

BIRTH ANNOUNCEMENT.

Born early Sunday morning, July  
21, 1918, to Mr. and Mrs. Edwin M.  
Larason 472 West Main street, a  
bouncing 10 pound war baby boy.UNITED STATES JUDGE ATKINSON  
STRONGLY ENDORSES NUXATED IRONSays That The Results He Has Obtained Taking It Have Been Simply Marvel-  
lous—That He Has Never Had Recourse To A Medicine Whose  
Results Were So Satisfactory.Often increases the strength of  
the weak, run-down, infirm  
and aged in two weeks' time.Of great importance to the public  
generally should be the opinion  
given of Nuxated Iron by United  
States Judge Atkinson. For twenty  
years Judge Atkinson has been in  
the public service as judge of the  
United States Court of Claims at  
Washington, Governor, Member of  
Congress, and United States District  
Attorney, etc. He has had vast ex-  
perience in weighing evidence; in  
separating the truth from the false.There are thousands of people  
who are nervous, "run-down," weak  
and anemic, who lack strength,  
and vitality and who feel the need  
of something to build them up and  
put renewed energy into their  
veins, but they do not know  
what to take. It is there-  
fore, valuable to have a man  
like Judge Atkinson go into  
the merits of Nuxated Iron,  
test it on himself and then  
come out frankly and boldly  
and tell the people about it.Judge Atkinson says:  
"Only this spring I have  
tried your valued prescription  
Nuxated Iron as a tonic and  
restorative following on the  
rigors of the past winter. The  
results have been simply mar-  
vellous. I have never had re-  
course to a medicine whose  
results were so satisfactory."  
There are thousands of people  
who are nervous, "run-down," weak  
and anemic, who lack strength,  
and vitality and who feel the need  
of something to build them up and  
put renewed energy into their  
veins, but they do not know  
what to take. It is there-  
fore, valuable to have a man  
like Judge Atkinson go into  
the merits of Nuxated Iron,  
test it on himself and then  
come out frankly and boldly  
and tell the people about it.United States Judge G. W. Atkinson, former  
Governor of West Virginia, Member of  
Congress, and United States District Attorney,  
below his opinion of NUXATED IRON.millions of disease germs that are dis-  
most continually around us. If you are  
not strong or well, you owe it to your-  
self to make the following test: See  
how long you can work or how long  
you can walk without becoming tired.  
Next take two five-grain tablets of  
Nuxated Iron three times per day after  
meals for two weeks. Then test your  
strength again and see how much you  
have gained.Manufacturers' Note: Nuxated Iron  
which has been used by Judge Atkin-  
son and others with such surprising  
results, is not a secret remedy, but one  
which is well known to druggists ev-  
erywhere. Unlike the older inorganic  
iron products it is easily assimilated,  
does not irritate the teeth make them  
black nor upset the stomach. The man-  
ufacturers guarantee successful, and  
entirely satisfactory results or they  
will refund your money. It is dis-  
pensed in this city by Wm. A. Brannan,  
Evans, Cul-tate Store, 123 Market  
Pharmacy, and all other druggists.

The Haymakers will have an in-  
stallation of officers to be followed  
by a banquet Thursday evening. All  
newly elected officers not present  
will have their stations declared va-  
cant and new officers will be chosen  
to succeed them. A good time is  
promised and it is hoped there will  
be a big turnout of members.

**Service Medal Fund.**  
Mrs. Mary Herchla 136 Spring  
street, sends a dollar to the Advo-  
cate for the soldiers' medal fund.  
Medals were given to all of the New-  
ark and Licking county men who  
left for the training camp yesterday.

**Elected Vice President.**  
Lester Redding has returned to  
Columbus after spending a couple  
of days in this city with his friend,  
J. M. Mitchell in West Main street.  
Mr. Redding will be remembered as  
supervising architect of the new  
High school annex and First Pres-  
byterian church. Later he was ap-  
pointed chief deputy inspector of  
workshops and factories and several  
years ago resigned to accept a posi-  
tion with the Ebinger Mfg. Co. Mr.  
Redding has been very successful in  
placing large government orders for  
his firm and only a few days ago he  
was elected vice president of the  
substantial increase of salary.

**Farmers' Picnic.**  
The Farmers' picnic will be held  
on July 25, at Smith's Grove near  
Gratoot. The speakers for the day  
will be L. L. Mowls of Newark and  
Judge Smith of Zanesville. A basket  
dinner will be served. The re-  
freshments will be in charge of the  
women of the Red Cross.

## DRIVES AGONY FROM JOINTS AND MUSCLES

"Neutrone Prescription 99" Makes  
You Feel Fine and Comfortable.  
All the druggists are selling "Neu-  
trone Prescription 99" these days be-  
cause already dozens of suffering and  
weary people here in this country  
have learned that there is nothing in  
this wide world that will do as much  
good to sore, tired, inflamed joints  
and muscles as "Neutrone Prescrip-  
tion 99."  
Take "Neutrone Prescription 99,"  
today! You will find relief, and af-  
ter two or three doses all rheumatic  
troubles will fade away. It's a re-  
freshing and stimulating liquid, is  
"Neutrone Prescription 99," and  
wonderfully soothing and effective.  
And a week's treatment for only  
50c! It's the finest prescription you  
ever saw to tone up the stomach and  
kidneys. It absolutely removes the  
causes. Mail orders filled; no extra  
charge.  
Evans' Drug Store, Newark, O.,  
and leading druggists everywhere.—  
Advertisement.

**Petrova Coming Tomorrow.**  
Madame Petrova the well known  
Polish emotional actress and motion  
picture star, will appear in person  
at the Auditorium Theatre tomorrow  
afternoon and evening in the inter-  
est of the war savings stamp cam-  
paign. See notice in another col-  
umn of this newspaper.

**Returns to Battleship**  
Clarence E. Stricklin, of the bat-  
tleship "New Mexico" has returned to  
New York after visiting with his  
wife, Mrs. Treva Stricklin, of Boyl-  
ston avenue. He was home on a six-  
day furlough.

**Husband Overseas.**  
Mrs. Clarence Miller of 51 Fair-  
mont avenue received a card telling  
of the arrival overseas of her hus-  
band. He is with the 54th Infantry.  
Class Picnic.

The Eliza Scott Sunday school  
class of the First M. E. church will  
hold their annual picnic at Mound-  
builders Park, Thursday afternoon.  
All members with their families are  
cordially invited.

**Here For Funeral.**  
Harry Green of Tiffin, O., has re-  
turned home after being called here  
by the death of his mother, Mrs. El-  
len Green. Miss Hazel Greene has  
returned to her duties at Mt. Car-  
mel hospital, Columbus, after being  
called here to attend the funeral of  
her grandmother, Mrs. Ellen  
Greene.

**Soldiers' Medal Fund.**  
Mrs. M. B. Melick, 36 1-2 West  
Main street, sends a dollar to the  
Advocate for the soldiers' and sail-  
ors' service medal fund.

**Home From Tour.**  
Miss Charlotte Simpson has re-  
turned home for a visit with her  
parents, Mr. and Mrs. A. C. Simpson  
of 45 Linden avenue. Miss Simpson  
has just closed a tour with the  
"Four Artists Concert Co., includ-  
ing Mr. Roaul Bannann, baritone of  
the Paris opera, Ignatius Tello,  
Brazilian violinist, protege of  
Joachim, and Miss Gwendolyn Bay-  
less accompanist of the Cincinnati  
Conservatory. Their itinerary in-  
cluded most of the camps, Old Mex-  
ico and Canada. Miss Simpson is ac-  
companied by Miss Lillian Cook, re-  
cently appointed to the division of  
Health Service in Cleveland. She  
enlisted and has been accepted by  
the Red Cross for overseas duty.

## MAJOR ROOSEVELT WAS WOUNDED WHILE LEADING AN ATTACK

(Associated Press Telegram)  
Paris, July 23.—Major Theodore  
Roosevelt, jr., received the wound  
from which he is suffering while  
leading an attack on a machine gun  
nest at Ploisy, southwest of Soissons,  
Friday. It was while at the head  
of this battalion that Major Roose-  
velt received a machine-gun bullet  
behind the left knee. The Paris edi-  
tion of the Chicago Tribune says the  
major reached the American Red  
Cross hospital on Friday evening. An  
operation on his wound was performed  
at midnight by Lieutenant Col-  
onel Joseph A. Blake of New York.  
No bones were broken by the bullet.  
The major's tag, which is worn by  
all wounded soldiers, read: "Severe  
gun-shot wound."

It was technically described later  
as a "perforating wound of the pop-  
liteal space."  
Surgeons say that it will be six  
weeks before the major returns to  
the front. Captain Archie Roosevelt  
said yesterday that his brother was  
resting easily in his own home on  
Avenue du Bois de Boulogne. His  
leg at present is useless.  
Major Roosevelt led the assault  
on a machine-gun nest, which was  
particularly annoying to the Ameri-  
cans. In the excitement he "went  
over the top" without a helmet and  
when wounded was in the midst of  
the Germans. The nest was clean-  
ed out and the village of Ploisy fell  
soon afterward.

**COUPON**

**\$550,471 WORTH  
OF WAR STAMPS  
YET TO BE SOLD**

To July 15 the total cash sale of  
War Savings Stamps in Licking  
county was \$685,709, or \$11.09 per  
capita. There remains to be sold  
in this county a minimum of \$550-  
471 in W. S. S., this representing  
\$8.91 for every person in the coun-  
ty. This country is up to the quota  
to date.

Three other counties Ashland,  
Morror and Morgan have completed  
the cash sale of the 1913 allotment  
of W. S. S. while Knox, Holmes and  
Highland counties have sold almost  
their whole year's quota of stamps.

A county wide campaign for the  
sale of War Savings Stamps is to be  
launched by the Licking county war  
organization on August 6th. Every  
person in the county and county  
is to be solicited to buy W. S. S.  
The organization is planning to sell  
\$540,000 worth of W. S. S. The  
Newark campaign starts tomorrow  
with the Perora meeting at the Au-  
ditorium. Madame Petrova who has  
personally sold \$400,000 worth of  
stamps during her tour of the past  
month will be here tomorrow. This  
celebrated actress is visiting 35 of  
the large cities in 40 days, Newark  
being the only small city on her  
itinerary. The madame comes to  
Newark by special request of the  
local committee and out of compli-  
ment to Licking county which is the  
former home of her husband Dr.  
John D. Stewart. See and hear  
Madame Petrova tomorrow after-  
noon and evening. Be prepared to  
sign a W. S. S. pledge card for as  
many W. S. S. as you can afford to  
buy.

Now in England.  
A card was received from Fred  
Abbott, former leader of the Buck-  
eye band today. The blurred post-  
mark seemed to indicate Plymouth,  
and he states he is enjoying the best  
of health and having wonderful ex-  
perience in England. He enlisted in  
the navy band and left this county  
several weeks ago.

**DOCTORS MAKE  
IMPORTANT  
ANNOUNCEMENT**

**They Take The Public In Their  
Confidence**

Reliable physicians believe that  
broken down nerve tissues need not  
be a bother but a builder like Phos-  
phates and Iron. To get these es-  
sential food tonics to the nerves has  
long been the big question.  
A successful physician says, "Phos-  
phated Iron is an especially adapted  
discovery that has solved the prob-  
lem of giving Phosphates and Iron  
in such a way that the nervous sys-  
tem can actually take hold of it.

Another, an equally important  
mission of Phosphated Iron is to  
build up anemic (thin, weak, wat-  
ery) blood by charging it with good  
health-giving iron.  
A leading Doctor says, "Phospha-  
ted Iron is the best Iron tonic that I  
have ever prescribed. Its results are  
remarkable.  
Strengthening the nerves, build-  
ing up their starved tissues and re-  
charging weak, watery blood with  
the great health restoratives, Iron  
and Phosphates is the mission of  
Phosphated Iron. You who are  
nervous, weak, anemic (lack of  
iron in the blood) all in, and run-  
down cannot afford to turn down  
the help that Phosphated Iron of-  
fers.

Special—To insure physicians and  
their patients receiving the genuine  
Phosphated Iron we have put up in  
capsules only, so do not allow deal-  
ers to substitute pills or tablets, in-  
sist on the genuine in capsules only.  
Sold by Evans' Drug Store and  
leading druggists everywhere.—Ad-  
vertisement.

**NICE PROMOTION  
FOR LOCAL MAN**

Recognition of the splendid service  
rendered by A. W. Patton as car dis-  
tributor for the Baltimore & Ohio  
Railroad company for this division,  
has come in the way of a promotion  
for Mr. Patton.  
He has been notified to report to  
the office of the Baltimore & Ohio  
at Washington, August 1, where he  
will be instructed in his new duties,  
which are in connection with a new  
position recently made, and he will  
have his headquarters in Cincinnati.  
Succeeding Mr. Patton here will  
be his assistant, David S. Gettings.

B. F. Miller of 51 Fairmont  
avenue received a card from her son,  
Charles Miller, of the 134th Field  
Artillery, Battery C, telling of his  
safe arrival.

**BABY'S LIFE IS  
SACRIFICED NEEDLESSLY**

Lives of 452 Ohio children under  
five years old were sacrificed during  
February of preventable diseases.  
In January 1232 Ohio children died  
and in February 1201. 409 of these  
were due to preventable causes.

Under the plans of the conserva-  
tion of child life during the present  
year (Children's Year) the monthly  
average must be kept down to 902,  
if the goal of saving 4510 babies'  
lives is attained.

In other words, Ohio lost during  
the first two months of the year  
2433 babies, although under the  
baby saving program she should  
have permitted only 1894 to die.

The Ohio campaign is part of a  
nation-wide movement to reduce in-
